### ***"Albert and Marjory Allen Scholarship"***

*Award: \$275.00*

This scholarship is given in honor of Albert (1939-2010) and Marjory (1939- ) Allen. In August of 1979 this devoted couple moved their family of eight from Guyana to the United States of America, determined to provide a better life of opportunities for their six children. While in Guyana, Albert Allen served over 15 years in the military where he achieved the status of staff sergeant. From his military experience he learned how to become a master at organization and an exceptional work ethic. Together, the Allen's instilled in their children the importance of obtaining an exceptional education and achieving their career goals. The Allen's did everything in their power to make sure their children would grow up to know more than they could ever dream of. As they began to plant roots in New York, Marjory would become a certified home health aide and Albert would eventually retire as a city bus driver after serving in many other facets of business. These determined parents never gave up or lowered their expectations in spite of their lack of higher education. In 2 paragraphs, please explain why you feel your family should receive this scholarship?
